

Ahead of the curve!

Benefits of the Office of the Future

Task Lighting
Allows additional level of control around lighting locally at the work surface.

Space Division
1400mm high screen offering a high level of privacy and acoustic performance.

Universal Docking Station
Allows you to connect any Eversheds laptop so you can enjoy the curved screen experience with no need to switch cables.

27" Curved Screen
Immersive and comfortable experience minimising the distance from eyes to the edges of the screen and reducing eye and neck strain. A webcam features enabling video meetings.

Workstation Desks
Height adjustable rectangular workstations with a flat front edge offering sit/stand options supporting good ergonomics and well-being.
max height 1250mm
min height 650mm

Tall Storage Units
These units offer extra storage adjacent to the work area and can be pulled out for extra privacy.

Wireless Headset
Single headset for desk phone, mobile phone, PC feedback, Lync, Big Hand. Comes with a mobile charging case so you can take it with you wherever you go.

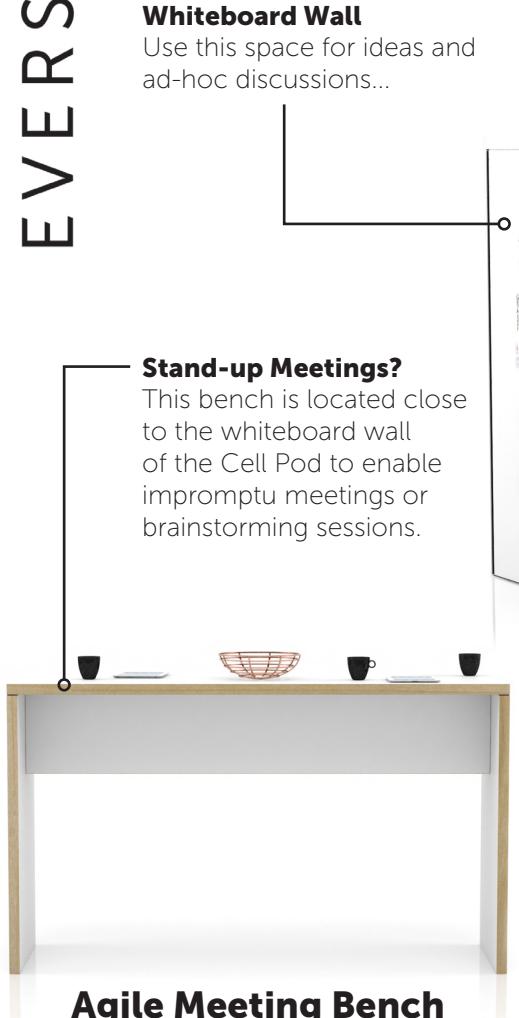

Lenovo PC
New generation desktop with solid state drive and more memory to provide faster login times and better performance, (suspended under desk to save space and minimise cabling).

Monitor Switch
Enables you to easily switch the screen between a laptop or desktop PC.

Wireless Mouse & Keyboard
Self-charging solar keyboard lasts for up to 3 months on one charge. The key cap design makes for faster, quieter typing. Simple, reliable mouse lasts up to one year on a single battery.

Ahead of the curve!

Benefits of the Office of the Future

Fully Enclosed Space
Providing a structure that is easily relocated to support any change in space plans
