

The process can continue onto the 2nd page

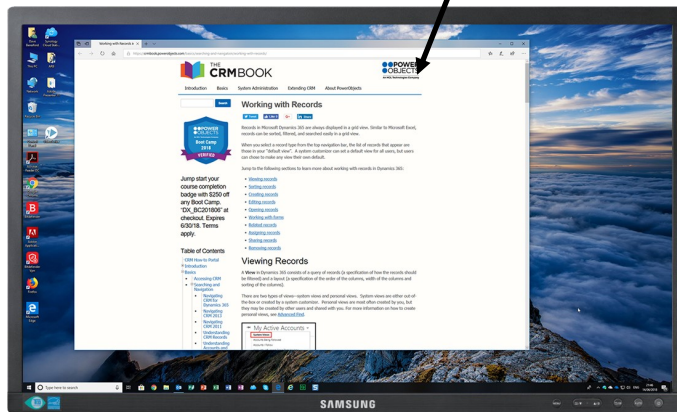

The new "virtual" desktop is created...

...now choose a previously open item to go on this new desktop

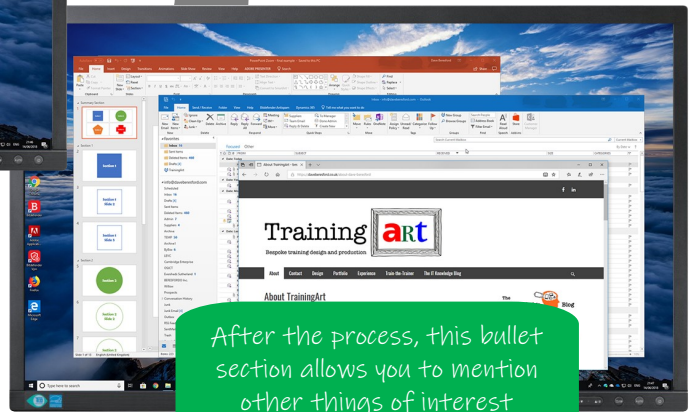

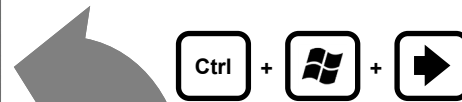

3

4 The new desktop appears with the item you chose to open on it...

Desktop 2

Desktop 1

After the process, this bullet section allows you to mention other things of interest

Things to Remember...

- When you click the Task View icon, you can hover the cursor over the Desktop thumbnail to see what's on each Desktop or drag and drop windows between Desktops
- Some useful quick keys to remember:

+ + - create a new Desktop

+ - launch Task View

+ + - close the current Desktop
